

Assigned OIDs for AttributeTypes

Note
Do not edit this page if you need to assign one or more OIDs for custom attribute types. Please use the process described in [OpenAM Assigned OIDs](#) to request OIDs for schema elements.

The base OID for attribute types in the OpenDJ project is "1.3.6.1.4.1.36733.2.2.1". Except for historical reasons, values listed here are below that base OID.
